SUPPLEMENTAL DECLARATION

Applicant hereby provides a supplemental declaration which recites the correct claim to priority in the above referenced case. The correct claim to priority is recorded at the Patent Office and recited in the Patent Office records. The correct claim to priority was made in the preliminary amendment filed on November 13, 2001. Accordingly, because the correct claim to priority was made by applicant within four months of non-provisional filing, no fee is due.

Respectfully submitted,

Christopher I. Halliday
